Placement Newsletter

3rd Edition | August 2019 – August 2021

www.moople.in

"The changing paradigms have made mandatory for an academic institution to foster a new breed of professionals – individuals equipped with the right kind of knowledge, technical skills, ability to think out of the box and innovation. The industry expectations have gone higher and only those sustain who have the right attitude & skills to accept challenges and increase the performance ladder each day

To add more to the subject, as an institute and Placement cell managed to extend various opportunities to students. To list few of them where our students got placed with are Technicolor, Prime Focus, Trace VFX, PWC"

Mayur Mukherjee

Placement Desk

"We have our production house where students can easily get the view of the full production pipe line as well as the work environment too. Our production experts guide our students on how to showcase their skills in Modeling, Texturing, Animation, Rigging & Dynamics, VFX, and more. The students use this guidance in making their final show reel/demo reel which helps them get finally placed"

Kakan Gupta

"There is a special focus on all-round development, through confidence-building, effective teamwork, communication skills, organizational skills, active networking, prioritizing workload and interview techniques. All these ensure that our students are placed without any hassle"

Sangeeta Das

Proud Moment!

The pandemic has proven to be challenging in many ways, still, Hi-Tech Animation has delivered 13 job-ready industry professionals to Technicolor India during the Lockdown. We had been locked but we were never down.

Technicolor is one of the best multi-dimensional studio in the world providing a cutting-edge confluence between art, technology and entertainment. From the beginning, the studio focused on constantly improving the tools and technologies of the industry that has redefined what's possible for storytellers and audiences across the globe.

Technicolor India offers world-class design and production services in compression and authoring, animation, visual effects for motion pictures and television broadcast productions. In addition, through Technicolor's global strategic alliance with DreamWorks, a leading Hollywood company, Technicolor manages a Dedicated Production Unit consisting of over 200 world-class artists for DreamWorks in India.

Technicolor India is a creative technology company driven by one purpose: the realization of ambitious and extraordinary ideas. Their award winning teams of artists and technologists' partner with the creative community across film, television, animation, gaming, brand experience and advertising to bring the universal art of storytelling to audiences everywhere.

Hi-Tech Animation has been fortunate to have placed some of their students in Technicolor. They have been working on various projects for national and international clients.

Students Testimonial – Certificate course

Hi-Tech Animation helped me in gaining more knowledge about the VFX and VFX industry. All thanks to Bapi sir for teaching us so well. Hi-Tech production helped me in every aspects and helped me in my placement.

Pratik Ghosh | VFX

I never thought of becoming a graphics and web designer prior to joining Hi-Tech Animation, but during my course year I blossomed in the creative path. I learned about all of graphics and web in minute details and was intrigued to pursue this as a career.

Shrimoy Roy | Graphics & Web Design

I am Sreemoyee Talukdar. I would like to thank Hi-Tech Animation and their faculties for being so supportive. After completing my course I got placed in Indian Silk House Agencies as a Graphic Designer. I really had a nice time and learnt so much along the way. Thank you.

Sreemoyee Talukdar | Graphics & Web Design

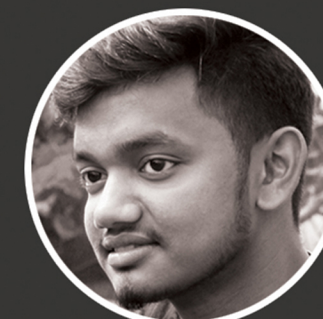

Since my childhood, I've been very fascinated by fictional movies and characters but there was no such idea about visual effects. But today I'm very grateful to be a part of this industry and all the credits goes to our faculty, Arnab Maity sir, and obviously Hi-Tech Animation.

Nisha Naskar | VFX

It's more fun if you can control things like lighting and make special effects in the darkroom. I am very happy I have done my VFX course in Hi-Tech Animation.

Abhradip Das | VFX

Being a part of Hi-Tech Animation it is inspiring, uplifting, and forward thinking. We are encouraged to set very high expectations and goals for ourselves. Each person reach their individual goals, both professionally and personally.

Sujan Mondal | VFX

Hi-Tech Animation guided me through the learning process till finding a job. They were always there for in every possible situation and there commitment for the students placement is just unbelievable. There is a positive vibe in life and some of it is because of Hi-Tech Animation.

Piyali Mistiri | Graphic & Web Design

I successfully got placed in Ad-Mrin Entertainment Pvt. Ltd. as a Graphic Designer. I am really pleased and thankful to the placement services provided by Hi-Tech Animation after completing my course I am really satisfied. Hi-Tech Animation has played an important role in building my career. I am really thankful to my faculty for helping me pursue a career in Graphic Design field.

Ishita Debnath | Graphic & Web Design

Students Testimonial – B.Sc in Animation

This internship has given me the opportunity to see so much about the production field. I have developed many skills and have a much greater concept of what to expect after college. One of the greatest benefits that I have received is the knowledge that I actually enjoy doing what it is I have been studying for.

Rohit Dhar | B.Sc 2018 Batch
Junior Compositor

I have been introduced to a variety of different discipline through this course, which has helped me gain a competitive edge in this fast paced world.

Aritra Mukherjee | B.Sc 2018 Batch
3D Modelling

Really impressed with the overall experience. It was calm, easy and executed perfectly. Worked amazingly to our timeline. Super-fast turnaround on creative and production schedule and then very understanding of our editing review timeline.

Pallab Sur | B.Sc 2018 Batch
Video Editing (compositing)

The whole experience of internship was excellent. I learnt a lot about 3D animation and also developed my skill. All my colleagues were very helpful and my seniors also guided me to learn and develop my skill. Thank you Hi-Tech Animation for this opportunity.

Arghya Mukherjee | B.Sc 2018 Batch
3D Animation

I am grateful to Hi-Tech animation for shaping my career in to a different angle. Best experience I have had in this time of my life. I have got to learn a lot of things from my seniors.

Pramiti Porel | B.Sc 2018 Batch
3D Modelling

The whole journey of internship was very good. Everyone was very supportive and our team lead guided us very well. We have learnt a lot and gone through and excellent experience. Thank you Hi-Tech Animation for this opportunity.

Anwesha Biswas | B.Sc 2018 Batch
Graphic Designing

Being a part of Hi-Tech Animation is inspiring, uplifting, and forward thinking. We are encouraged to set very high expectations and goals for ourselves. Each person reach their individual goals, both professionally and personally.

Prakriti Basu | B.Sc 2018 Batch
Concept Artist

I am working as a 3D Animator in Hi-Tech Animation. The guidance provided by the mentors is the best thing about this company. Thank you so much Hi-Tech for providing me with the amazing job ambience.

Shubhali Sadhukhan | B.Sc 2018 Batch | 3D Animator
